

Fall is for Planting!

Sept. 1st E-NEWS

This growing season, I've been sending out newsletters every other week; I sent one last week but this news is so good it couldn't wait until the next scheduled letter! In last week's e-newsletter, I wrote about how fall is in many ways a better time to plant than is spring. So, because I want everyone who's looking to plant anything this fall, **EVERY PLANT** in our garden center (except the new fall mums and bulbs, tender succulents and house plants) **is 50% off!** So, yes, that means that all the trees, shrubs, evergreens, fruit trees and fruiting shrubs, vines, roses and perennials are half price! The sale started today, September 1st and runs for the entire month but *the best time for fall planting is now though to the middle of the month.* Get in ASAP to take advantage of the great planting conditions and the great prices!

Fall fashions have been arriving and we need room to put them out so.... *All summer fashions are blow-out priced at 70% off the ticket price.*

There's other good news, too. You know that everything's been ripening early this year and it's no different in our orchards. We now have **Honeycrisps, Elstars, Macs, Galas and Shinseiki Asian Pears** - all from our orchards - in our market! Freshly picked and flavourful - they are mmmmmm good!

And lastly, the red and white **Canadian Celebration tulips** are in! Plant them this fall to celebrate Canada's 150th birthday next spring!!
