hannamarket@shaw.ca

Note: Our market is closed mid-November through mid-March. Full-time positions do not work through this period but may be called back before mid-March to prepare for the new season.

Cashier: Full and part time positions.

This position involves processing customer sales at the cash register as well as stocking and keeping the front end of the store neat and tidy. Cashiers must have previous cash and strong computer experience preferably in a retail environment. Individuals applying for this position must be available weekends and have exceptional customer skills.

Giftware Sales Associate: Part time positions.

This position specializes in home and garden décor. Customer service, display and sales skills must be very strong. Position involves stocking, merchandising, dusting and selling as well as general assistance in cashiering, pottery and indoor plants.

Bedding Plant Sales Associate: 1 full time and several part time positions

This position involves selling annual flowering plants for sun and shade and includes unloading trucks, stocking, pricing, watering, cleaning plant material and keeping the sales area clean and tidy. Providing guidance in plant selection, advice on care and planting, and giving container gardening ideas to customers are also involved. Key requirements for the position are a strong knowledge base on annuals of all types as well as strong customer service skills and physical strength. Those who work in our greenhouse environment must understand that the job requires working in a physical environment that can be very warm, humid and very fast-paced. It is a position that requires a lot of walking, bending and lifting. Only those with strong customer skills, the ability to learn and retain information quickly and those who can work in a physical, fast-paced environment will be considered. Individuals applying for this position must be available to work weekends.

Vegetable Plant Sales Associate: Part time positions

This position involves selling vegetable bedding plants, small fruit (and possibly fruit trees). A strong knowledge base in growing and harvesting these plants is a key requirement as is customer service in being able to provide assistance in plant selection, planting and on-going care. Included in this job are unloading trucks, stocking, pricing, watering, cleaning plant material and keeping the sales area clean and tidy. Familiarity with organic growing principles and practices is an asset. Those who work in our greenhouse environment must understand that the job requires working in a physical environment that can be very warm, humid and very fast-paced. It is a position that requires a lot of walking, bending and lifting. Only those with strong customer skills, the ability to learn and retain information quickly and those who can work in a physical, fast-paced environment will be considered. Individuals applying for this position must be available to work weekends.

Perennial Sales Associate: Part time positions

Our selection of perennials is second to none in the area so a solid knowledge base on hardy perennials is a necessity for this position. Selling, pricing, stocking, displaying, watering, cleaning plant material, unloading trucks and keeping the sales area clean and tidy are all part of this position. Providing guidance in plant selection, advice on planting and ongoing care is also involved. Key requirements for the position are a strong knowledge base on perennials of all types as well as strong customer service skills and physical strength. It is a position that requires a lot of walking, bending and lifting. Only those with strong customer skills, the ability to learn and retain information quickly and those who can work in a physical, fast-paced environment outdoors all season long will be considered. Individuals applying for this position must be available to work weekends.

Nursery Sales Associate: Full and Part time positions

This position involves assisting homeowners and landscapers with the selection and purchase of plant material, keeping the sales yard clean and organized, ensuring all plant materials have signs, unloading trucks, displaying and organizing new product and observing the yard for water levels as well as pest issues. Knowledge of trees, shrubs, fruit trees and evergreens as well as strong customer service skills and physical strength are assets. **This position requires heavy lifting.** Nursery Sales associates must be able to lift items that weigh 20-30 lb. repeatedly and be able to work outdoors all season long. A large portion of this job requires helping homeowners choose plants for their landscape. Staff will be required to learn all of the nursery stock we sell in order to make recommendations to homeowners so the ability to learn quickly is essential. Individuals applying for this position must be available to work weekends.

Nursery Production Associate: Part time positions

This position involves the planting of bare-root bedding plants, perennials, roses and nursery stock into pots and is a physically demanding position. Included in this job are planting-up of custom containers and hanging baskets as well as weeding, pruning plants and helping unload trucks. Weekend availability is not essential.

General Maintenance/Carry-out Assistant: Part time positions

This is a part time position that requires heavy lifting as well as strong customer service skills. Duties include helping customers load their vehicles, keeping the parking lot clean and assisting the cashiers when busy. Individuals applying for this position must be able to work weekends.
