→Sign up **NOW** for **Pruning Seminar**

MARCH 08th E-NEWS

SPRING IS IN THE AIR!

The crocuses are blooming~ spring is on coming soon! And that means our market will be opening soon, too. We will re-open on **Monday, March 18th** and be open **Monday through Saturday, 9 am to 5 pm.** We'll start extending our hours at the beginning of April.

I can hardly wait to show you all the new things coming our way: new seeds, new plants, new giftware and even some changes in the store that I think you'll love!

One of the changes we're making this year is in the types of workshops we have on offer. For over 20 years I've been teaching gardening classes; it's high time we changed things up a bit. Instead of the usual classroom-setting sessions, we're going to hold **hands-on workshops** throughout the growing season. And I'm getting the rest of the staff involved so it should be a lot of fun~ more on that in the weeks to come.

But due to popular demand, there's one seminar-type class we will do this year:

HOW TO PRUNE EVERYTHING!

Pruning isn't nearly so intimidating if you know why/how plants grow when you prune. In the first session, James and I give you the low-down (science) on how plants~ including fruit trees~ grow and how to get the desired results. In the second session we take you outdoors into the orchard and garden to give you more of a hands-on look at how it's done.

Part One: Tuesday, March 19th, 6-9pm in our market

Part Two: Saturday, March 23rd, 1-4pm in the orchard and garden.

COST: \$25 ea. or \$40 per couple

Pre-registration is required.

Call 250 832 4574 to register or do it in person when the store re-opens. Class size is limited to 15-20 people so early registration is recommended.

Looking forward to an exciting growing season,

Harriet
