

## Nov. 16TH E-NEWS

At this time of year things start to slow down but as it happens, we're re-organizing the office (huge job) and I don't have time to put together a newsletter. So this is just a short note to let you know what's happening here for the next month before **we close for the winter at 2:00pm on December 24<sup>th</sup>.**

We will, of course, continue to stock our apples and juice. I've updated the availability list (to the right). Our Garden Centre has been readied for winter so nursery stock sales are finished but we still have tools, garden remedies, and décor available.

Inside the market, the **Apple Lane Gift Shop** is being decorated for the holiday season and is starting to look quite festive. Rather than doing what many garden centres do for the holidays, however, we're not doing a 'Christmas Store'; our selection of gifts tends toward the practical and useful rather than strictly seasonal and decorative. Our selection is **very eclectic** so be sure to come in and check it out~ it may save you a trip out of town to find that something special.

And finally, because it gets dark so early these days, we've decided to cut back our hours through the week to **9 until 5** and be **closed Sundays**. We don't get any traffic once it gets dark on weekdays and there isn't enough traffic on Sundays right now to justify being open but we may open Sunday afternoons as we approach Christmas. We look forward to serving you through the next month.
